What Is Project Abraham?

Join us for weekly discussions and activities focused on strengthening spiritual leadership within your home at the Alabaster Family Resource Center!

Why?

Two decades ago, an average of 42% of U.S. adults attended religious services every week or nearly every week. A decade ago, the figure fell to 38%, and is currently at 30%. The most powerful casual influence on the religious lives of American teenagers and young adultst is the religious lives of their parents.

Who Can Attend?

- Families with young children who want to ensure their faith is handed down
- Families with teens who are beginning to display resistance to church activities
- Families who want to see religious values passed down to their children's children

Childcare & Food Provided
